# Introducing *Disciples*

## a multiyear faith formation program for adults!

**NEW** from Faith Alive, *Disciples* is a multiyear faith formation program with group studies, daily devotions, and complete worship plans to get your whole church involved. In 25 weeks, it takes your congregation from discipleship basics to faith-filled living as participants in God's mission. And that's only year 1!

### Why *Disciples*?

Dallas Willard has said that non-discipleship is "the elephant in the church." Too many church members are picking up a Bible study here and a topical discussion there—but never participating in an intentional program of discipleship. We need, what Willard calls, "a curriculum for Christlikeness."

### Year 1: 25 Weeks of Study

Year 1 lays the foundation for building disciples. This 25-week program is organized into a 5 x 5 structure—five study modules of five weeks each. Each study takes about an hour and is designed to work in a variety of settings—small groups, adult Sunday school, midweek studies, household groups, and more.

### Get Everyone Involved

While *Disciples* can be used by any small group or adult education class, it's even better when your whole church is plugged in. To help, we've developed a series of worship plans and daily at-home readings for introducing *Disciples* to your entire church.

### Years 2 and Beyond

The first year of *Disciples* is just the beginning and serves as a foundation for what follows. In years 2 and 3, participants study specific aspects of Christian discipleship and how we as disciples live out our faith in the world God loves.

- Year 2 (available summer 2008): Includes studies on prayer, Bible reading, worship, overcoming sin, Sabbath, forgiving, and more.
- Year 3 (available summer 2009): Includes studies on stewardship, hospitality, faith at work, justice, witness, and more. Year 3 also includes an opportunity to participate in a spiritual gifts discernment process.
- Year 4 and more: After the three-year core of study, participants will be able to choose various options for greater depth and breadth of study.
